WELDING CURTAINS

WELSPRING UNIVERSAL
An ISO 9001:2008 Company

PVC WELDING CURTAINS

ALL COLOURS ARE UV STABILIZED AND FLAME RESISTANT

PVC Welding Curtains: Use and application

Welding curtains are useful in industrial/contract sites where there is arc welding or metal grinding activity that generates sparks. Since sparks or welding arc light is harmful to the naked eye for workers nearby, or even passing by, it is important that for visual safety, welding curtains be used. Approved & tested welding curtains would provide adequate visual protection for people in the near proximity of welding/grinding activity, where exposure due to the high intensity welding spark light, could be harmful.

Meeting of CE EN1598-2011 norms for welding curtains ensures that the curtains material has acceptable transparency, reflectance, UV protection and flame resistance.

PVC STRIP PARTITIONS

USE & APPLICATION

PVC partitions are useful in industrial/contract sites where arc welding or metal grinding activity can cause harm. The strip partitions provide flexibility of user/machine/equipment movement thru the partitioned area. The strips allow a walk thru partition for free movement thru them, without damage to person or machine.

B THIN STRIP PARTITIONS

WALK THRU

Material : PVC strips
Strip Size : 325mm width x 0.35mm thickness
 (13" width x 0.014mil thickness)
Colour : Yellow, Orange, Blue, Gray & Dark Green
 Minimum order width = 900mm (36")

Features :

- Each 325mm strip has 3 eyelets
- 3 hanging rings are included
- Hang strip curtain anywhere using suitable pipe or hooks

Net Weight : 650gm

Model	Kit Size	Height
SP-SC35900X1.8	0.35mm x 900mm x 1.8m	1.8m
SP-SC35900X3	0.35mm x 900mm x 3m	3m
SP-SC35900X4	0.35mm x 900mm x 4m	4m
SP-SC35900X5	0.35mm x 900mm x 5m	5m
SP-SC35900X6	0.35mm x 900mm x 6m	6m
SP-SC35900X8	0.35mm x 900mm x 8m	8m

To Order :

- 1) Select model # from table on left, based on required Strip Height : 3m, 4m, 5m, 6m or 8m (10ft, 15ft, 20ft, 25ft)
- 2) Specify Partition Width : in multiples of 300mm (12")
 Minimum order width = 900mm (36")

THIN STRIP WELDING CURTAIN

WALK THRU

are supplied with:

- Eyelets on top side
- Nylon ties to attach to top bar
- Strip size 325mm x 1750mm (13"x6ft) approx
- Available in 5 curtain colours except opaque

- Specify curtain colour when ordering

Sizes	Frame & Curtain	Curtain Only
Full Height	Pkng: 1 set/box	Pkng: 10pcs/box
	Model	Model
6' x 6' (180x180cm)	SP-SFC3566	SP-SC3566

PVC STRIP PARTITIONS

USE & APPLICATION

PVC partitions are useful in industrial/contract sites where arc welding or metal grinding activity can cause harm. The strip partitions provide flexibility of user/machine/equipment movement thru the partitioned area. The strips allow a walk thru partition for free movement thru them, without damage to person or machine.

C THICK STRIP PARTITIONS

WALK THRU

Material : PVC Strips

Strip Size : 200mm (8") width x 2mm thickness

Colour : Clear, Yellow, Orange

Minimum order width = 0.5m (500mm)

One SKU Contains : Complete package to make a 0.5m (20") wide hanging partition :

a) **Hanger Metal Strip** Width : 0.5m (20") x 1 Pc.

b) **Strip Bracket** Width : 195mm (3¾") x 3 Pcs.

c) **PVC Strip** of required height pre-attached via nut/bolt

Model	Kit Size	Height
SP-SC2500X1.8	2mm x 500mm x 1.8m	1.8m
SP-SC2500X3	2mm x 500mm x 3m	3m
SP-SC2500X4	2mm x 500mm x 4m	4m
SP-SC2500X5	2mm x 500mm x 5m	5m
SP-SC2500X6	2mm x 500mm x 6m	6m
SP-SC2500X8	2mm x 500mm x 8m	8m
SP-SC2200X50	2mm x 200mm x 50m	50m (50m is full roll only - no brackets or hardware)

To Order Specify 1 & 2 Below :

Net Weight : 1.900kg

1) **Partition Width** : in multiples of 0.5m (20")

Minimum order width = 0.5m (500mm)

2) **PVC Strip Height** :

Metric : 3m, 4m, 5m, 6m, 8m

THICK STRIP WELDING CURTAIN

WALK THRU

are supplied with:

- Eyelets on top side
- Nylon ties to attach to top bar
- Strip size 200mm x 1750mm (8"x6ft) approx
- Available in Clear, Yellow & Orange colours

- Specify curtain colour when ordering

Sizes	Frame & Curtain	Curtain Only

- Strip curtain is sold as curtain only or frame + curtain
- select model from table on left

4 Castors kit optional (see pg. 36)

Welspring makes several models of welding curtains as listed below.

1. Welspring made welding curtains are made from 1.4 mil (0.35mm) PVC film, and treated with special additives for UV Stability and Flame resistance.
2. Meeting of EN 1598-2011 norms for welding curtains ensures that the curtain material has acceptable transparency, reflectance, UV protection and flame retardance.
3. Some colours, particularly for the USA/Canada market, meet UV stability and FR norms only. They may not meet the transparency & reflectance requirements of EN 1598, and hence may not be compliant with CE norms. Look for the CE mark under colour available on pg.32
4. Actual curtain sizes are slightly less than the metal frame size, as they are made to suit the metal frames that they fit in.
5. Special custom to order sizes can also be supplied.

Loose Curtain Full Height (180cm)

- are supplied with:
- Eyelets on top side.
 - Steel rings for hanging curtain.
 - Side buttons for joining extension curtain.
 - Curtain height 1750mm (6ft)
 - Available in 5 curtain colours
 - Specify curtain colour when ordering.
- Castors kit optional (see pg. 36)

COMPLETE WELDING BOOTH WITH CURTAIN

Our welding booths are collapsible & portable enclosures that can be carried to an industrial / contract construction site where there is arc welding or metal grinding activity that generates sparks. Since sparks or welding arc light is harmful to the naked eye for workers nearby, or even passing by, it is important for visual safety, that welding booths be used in such areas. A welding booth provides a cordoned off area, for adequate visual protection for people in the near proximity of welding/grinding activity, where exposure due to the high intensity welding spark light, could be harmful.

Our welding booths are made of steel metal frames and PVC welding curtains. For European customers, compliance to EN 1598 norms is necessary in welding curtains. Look for the CE sign in "available colours" choices below.

SPECIAL FEATURES

- Each section easily slides in for locking.
- Pipe joints have screwless push fit snap locks
- No tools required for assembly.
- Made of 1" (25mm) round tube
